JEWEL MOHAMMED

CHAIRMAN

“As I am proud, blessed and happy to have had the basic rights to be born and brought up in clean ambience, I grew up to become hygiene freak. I am glad that I live a standard life that meets my expectations in terms of passion towards cleanliness and hygiene and to be an entrepreneur of the same passion.

We believe in the statement that goes like ‘cleanliness is vital for a healthy body, mind and soul’ and that is why we like to call that as faith.

So we decided to be the warriors of hygiene and high professionalism and started our operations. We believed in that faith and growth happened on it’s own.

As a well known firm in this industry, we also want to be identified as a symbol of your hygiene and professionalism. We will always be on our toes for you and just a call away.
